Boston, Mass., Jan. 19.—Wireless word that aid had reached five American steamers in distress in the fierce winter gale lashing the Atlantic seaboard was received at the navy yard here today.

The transport Powhatan with 471 persons aboard, which became helpless five hundred miles off New York, sent word shoreward that she was proceeding under her own steam to Halifax, U. S. The White Star steamer Cedric was standing by the Powhatan. The U. S. Shipping Board steamer West Comet was also nearby. This reassured the passengers on the Powhatan and they remained calm, although terrific seas were sweeping against the steamship's sides and water was being pumped from her boiler rooms.

\$2,000,000 Liquor Cargo.

Off the southern New Jersey coast the American freighter Yarmouth was being towed to New York by the coast guard cutter Seneca. The Yarmouth carried a \$2,000,000 cargo of liquor from New York for Havana.

INTERNATIONAL.

Paul Deschanel, veteran president of the Chamber of Deputies and political enemy of Premier Clemenceau, who was elected President of France by the National Assembly at Versailles, succeeded Raymond Poincaré. Premier Clemenceau had withdrawn his candidacy when it became apparent that the Radical and Conservative parties were determined to oppose him and support M. Deschanel. The man who wrested the

supreme laurels from Clemenceau's hands is an old political foe of the "Tiger." The feud between these two men dates back thirty-five years. In 1885 following a speech by Deschanel in the Chamber of Deputies, Clemenceau attacked the former by such violence in the press as to provoke a duel. The two opponents faced each other with swords for four minutes, at the end of which time Clemenceau slashed Deschanel's forehead down to the eyebrow.

GRIPPE EPIDEMIC SWEEPING XENIA SAY LOCAL PHYSICIANS

That the grippe, which is prevailing here now is in epidemic form, is the statement of many local physicians.

Local doctors say they are calling on from 25 to 30 patients a day, who are suffering from the same malady. In the majority of the cases when one member of a family gets the grippe, the others also contract the malady.

While the epidemic is not as serious as the influenza epidemic of a year ago last fall, there are about as many cases being reported as during the raging of the flu. The present malady, however, is called old fashioned grippe by the local physicians who say that it is a milder infection than the flu and has not reached that stage in epidemic form.

"The tenants are going the driving and holding the whip," Mr. Roper said. "Profiteer landlords will be held to the straight and narrow path in the payment of their income taxes. Revenge is sweet to the tenant who has had to dig deep into his earnings to pay a high rental in 1919."

First intimation of this new aspect came in the announcement by Daniel C. Roper, commissioner of the bureau of internal revenue, that forms for making income tax returns, which are in the hands of all internal revenue collectors, contain a section providing that tenants shall include in their statements the amounts of rents paid and to whom it was paid. This information will be turned over to the department of justice to be used in its high cost of living campaign.

**NEW CABINET NOW
FORMED FOR FRANCE**

Paris, Jan. 19.—Alexandre Millerand, and governor of Alsace, began the formation of a new cabinet today to succeed the retiring Clemenceau ministry.

Following a conference with Raymond Poincaré, the retiring president at noon, M. Millerand announced the following appointments:

Minister of war, M. Lefevre.

Minister of finance, Frederic Fransois-Marsal.

Minister of commerce, M. Isaac.

Minister of public works, and transportation, Paul Bignon.

M. Millerand himself was expected to take the posts of premier and foreign minister. He said that the other appointments would be announced later in the afternoon, after the men to whom the portfolios had been offered had formally accepted.

PAPER SHORTAGE FELT BY XENIA PUBLISHERS

To date The Gazette and Republican have made but slight mention of the fact that all over the country a serious paper shortage is being felt. The situation instead of being relieved is rapidly becoming more acute, and it has been only by dint of far sighted purchase that these papers have not been able to get through so far unscathed.

Today however this paper famine has become a reality here, and it is for this reason that the papers are being printed on loose sheets. A carload which should have arrived not later than last Saturday has been delayed and it is on this account that the management is forced to announce, with regret, that until this shipment gets in it will be unable to furnish its readers with the high class type of service which they are accustomed to receive. It is thought however that within a few days the situation will be relieved.

SYSTEMATIC BUDGET FOR STATE OF OHIO IS RECOMMENDED

Columbus, O., Jan. 19.—A more systematic budget system for Ohio is the recommendation made to the legislative committee by the Ohio Institute for Public Efficiency.

Among the provisions submitted by the society in form of an amendment to the constitution are:

The governor to submit to the legislature a complete program of work and a plan to provide necessary funds.

The legislature to consider it through a joint finance committee which may summon the governor and other officials to explain budget proposals.

All appropriations, excepting those for actual emergencies, be included in one bill.

Appropriations to be limited to an official estimate of revenues.

NO SUCCESSOR TO DR. HEWITT MADE

Appointment of a resident physician at the O. S. and S. O. Home, to take the place of the late Dr. W. C. Hewitt, has not been made, but several applications are being considered by Superintendent J. P. Elton. Mr. Elton expects to make an appointment soon. There is very little illness at the institution now, and Dr. W. H. Galloway is continuing to take charge of all those who need medical attention at the Home.

SEDITION BILLS ARE RAPPED BY SAMUEL GOMPERS

LABOR WILL OPPOSE THE PENDING MEASURES DECLARED LABOR CHIEF

Washington, Jan. 19.—Samuel Gompers, head of the American Federation of Labor, issued a statement declaring the federation would oppose "with whatever power it may possess" the enactment of the anti-sedition bills now pending in congress.

The attack of organized labor, its chieftain indicated, will be directed impartially against the Sterling bill, recently passed by the senate, and against the Graham measure, based on suggestions of Attorney General Palmer and awaiting action by the house rules committee for a special rule to expedite consideration.

Referring to the two measures as one bill, President Gompers declared its enactment "would violate the constitution and rob the whole American people of their most cherished and basic guarantees of free government."

"If the American people, in fact, a majority of the members of congress," Mr. Gompers asserted, "were aware to the dangers concealed in this bill, a storm of indignation would sweep the nation."

In fact, it would perpetuate an autocratic censorship over the entire American press. It can be used to kill free speech and free assembly. It strikes a deadly blow at legitimate organizations of labor or any other progressive movement for the betterment of the masses which may be opposed by the advocates of privilege and reaction."

"We yield to no man, in public office or out, in our loyalty to the constitution and institutions of this republic; no self-respecting man has questioned or dare question that loyalty. We are for evolution, not revolution; for ballots, not bullets; for a majority rule, not class dictatorship or of Bolshevism or plutocracy of the profiteer."

"We oppose this bill because every legitimate purpose for which it is framed is already covered by existing law. Its illegitimate features, which compose two-thirds of the draft, are utterly autocratic, imperialistic and un-American."

Referring to "Attorney General Palmer's contention that new laws are necessary to reach the individual who advocates opposition to the government," Mr. Gompers cited section 4 of the penal code and asked: "If revolution is afoot, why has not the department of justice made prosecution under this section?"

"Section 5 of the bill, unfortunately, as it may seem," he continued, "may be easily construed to mean, if indeed it does not make it, a crime, so vague and involved is the terminology, to wear in public any button of an organization whose purpose it is to secure an amendment to the constitution of the United States or any existing federal law."

BOLSHEVIK WANT AMERICAN AID IN RECONSTRUCTION

UNITED STATES SAYS HE IS NO

PEOPLE.

Berlin, Jan. 16.—(Delayed)—Russia welcomes the return of Bolshevik leaders, from Russia requires either sympathizers deported from the United German or American help for reconstruction," declared Karl Radek, former chief of the propaganda section of the soviet government and formerly Lenin's main lieutenant in Germany today.

Radek has been deported from Germany being sent out of the country by way of Poland, but he gave a long and important interview, setting forth his impressions before he left.

A report had been received from the United States that Ludwig Martens, the so-called "soviet ambassador" was about to be deported and Radek immediately began to discuss this subject.

"So they may deport Martens and keep George Bakmeteff, the minister of a non-existent Russian government he commented. "Bakmeteff is living upon money from unfilled Russian war contracts."

Wants Martens Back.

"We would be glad if Martens returned. He is an engineer of the highest technical ability and such are needed for the rebuilding of Russia. We can use all that the United States has deported. Their education and experience in America will be valuable to our government. But you Americans should have put your statue of liberty on board the deportation ship sending it to Moscow along with the Bolsheviks."

Radek then went into a long political discussion declaring that the United States is not free but is autocratic whereas Russia is a new land of freedom. He continued:

"Deportation makes the best propaganda in the world for us. It calls attention to our growing American communist party

Vola-Tonic Now On Sale in this City

Sayre & Hemphill land the Agency here for the "Builder of Strength" That is in Such Big Demand Everywhere.

Vola-Tonic, "Builder of Strength," can now be obtained right here.

Sayre & Hemphill, of this city, has been appointed agents for Vola-Tonic here and a big supply of the "Builder of Strength" has been shipped to their drug store where it can be obtained by the public.

Vola-Tonic is the "Builder of Strength" that recently created such a sensation in Cincinnati. The medicine had scarcely been distributed to drug stores over the city when many men and women started applying for Vola-Tonic. In ten days such a big demand for Vola-Tonic had been created that druggists stood amazed and now the "Builder of Strength" is being sold in Cincinnati at a remarkable rate.

This quick demand that has grown to such huge proportions is due, first to the absolute need of thousands of men and women for a strength-building medicine; to the real merit of Vola-Tonic as a "Builder of Strength."

Thousands of men and women can be obtained by the public.

BRADYS OUTCLASSED BY BEAVERS IN FAST GAME ON SATURDAY

Too swift opposition spelled defeat for the Xenia Bradys at the Rink Saturday night, the local club being defeated by the smooth-going St. Mary's Beaver's machine, by the score of 65-13.

Minus the services of "Yank" Stephens who was ill and unable to perform, and Walker at center who has left the city, the Bradys were too crippled to put up much of a battle against the Gem City quintet and although they staged a strenuous resistance during the forty minutes of the pastime they were unable to check the scoring proclivities of the visitors once they had gotten underway.

The Beavers have been playing together for five years and their team work, pass work and basket shooting ability gave proof of their long association. Lause at forward with eleven baskets was having a holiday while Paul at center with ten fields swished the net with discouraging regularity. J. Mart at guard was another lad who sparked on the defense.

"Pete" Horen was main point getter for the locals with a field goal and seven fouls, scoring nine of his team's points. Guilday played like a demon at guard and was in every play, while Curlet also performed well on the defense. The initial half ended 24-6. H. A. HIGGINS GETS POSITION IN FEDERAL TAX DEPARTMENT

H. A. Higgins of this city, for the last fourteen months deputy collector of internal revenue for Greene county, has received a promotion to the new office of income tax zone deputy, with headquarters in the Federal building, Dayton.

The promotion of which Mr. Higgins has just been notified, is the result of an examination in the income taxation which he took in Cincinnati at the office of the internal revenue officer last June.

Establishment of ones for the collection of income tax, marks the separation by the government of that branch of the Federal taxation from the miscellaneous tax. The vast mass of the Federal taxation has rendered it impossible and impractical for all to be handled by one man in each county and the two branches have been separated, with different men to handle them by zones.

Mr. Higgins will be located in the office in Dayton, and the outside work in the counties in the zone will be in charge of Mr. Hunter of Clermont county, who comes from internal revenue office in Cincinnati.

Mr. Higgins said today that blanks for income tax returns, each bearing a serial number will be mailed this week to all those who made returns last year, and the request is made

THE HOUSEWIFE—

Experiences of Ohio Women

Findlay, Ohio.—"My experience with Dr. Pierce's Favorite Prescription during expectancy has been all that could be desired. I was so weak and sickly that I could scarcely do my own housework for months before my second child came, and I was nauseated all the time until I started to take 'Favorite Prescription.' The first bottle gave me so much comfort and strength that I decided to continue its use through the entire period. My baby weighed ten pounds and I had practically no suffering, was ill only a little over an hour. This was so entirely different from my first experience that I would never dare go thru expectancy without the aid of 'Favorite Prescription'."—MRS. OREAN RADABAUGH, 516 South St.

Bryan, Ohio.—"I consider Dr. Pierce's medicines of the very best. I have taken the 'Favorite Prescription' as a special tonic when I was run-down and it was excellent, giving perfect satisfaction. And during the time that my children were small I relied a great deal on Dr. Pierce's Common Sense Medical Adviser for advice when they would become sick, and it saved many spells of sickness in my family and doctor bills, too."—MRS. HARRIET EASTERLY.

Conneaut, Ohio.—"I have the greatest faith in Dr. Pierce's remedies because I took the 'Favorite Prescription' and it was only a short while before I was feeling better and eventually I was cured of my trouble for I never had a recurrence of woman's weakness afterward. I have taken 'Favorite Prescription' since whenever I have felt the need of a special tonic, and also the 'Pleasant Pellets' when in need of a laxative, and not once have I been disappointed."—MRS. A Modern Story of Home and Business.

GERRY STAYS HOME WITH AUNT FELICIA

CHAPTER 29

"Carson Murphy had a raise last week. I met him on my way home, and he was so full of it he had to spit over. I guess he deserved it all right, altho he isn't any too clever."

Robert had been quiet for some time, and I had felt our talk was finished.

"He's a hard worker Jane says."

"He doesn't work any harder than lots of others." Then; "He's appreciated, that's all. Then, too, he knows that Jane is dependent on him and so he has to bring in the dough."

"I wonder how much Jane earned teaching."

"A fair salary I've heard. More than Carson did when they were married. It's quite a story."

"Tell me about it."

"Oh, she promised to stop teaching when he got an advance. He hustled like the devil until he got it, and she kept her word."

"They live nicely."

"It doesn't cost them as much for rent and living as it does us here in the boarding house."

"But she does all her own work—washing and everything."

"I know," moodily.

"When I keep house I shall have someone do all that kind of work. I wouldn't mind cooking and keeping things tidy, but no washing or scrubbing for me. I loathe housework anyway."

"How do you know—you haven't tried it."

"I don't intend to."

Robert looked at his watch and with a muttered exclamation at the hour, he hurried off to work.

"Well, I'm glad that's over!" I said aloud, satisfied that it had been Glen Turner's advancement and Robert's disappointment that he had not been raised, which had made him so unlike his gay self.

"Isn't it wonderful that I can work?" I added as I thought of Robert's salary. I knew of course that someone had to do housework, that there must be some women who could not earn money outside of the home. But it needn't be all women. Keeping house needn't take up a business woman's life, any more than did a business man's. Of course incapable women—well, that was another thing!

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week & note the effect. 10c and 25c.

Robert and I have had a long talk, Aunt Felicia, and we have decided that it would be very unwise to try to keep house until he is doing better than he is now. He said until he could earn more he would rather I went right on at the shop. I did not add that he has said "so that I might have what I wanted and be happy."

"As I told you he is very unselfish, she returned. "I felt inclined to be a little angry with him when I saw the pretty girl at the motion picture show with him; but he explained to me how it happened. I saw I was wrong to criticize."

I wondered what he had told her.

"I am glad you have talked things over with him. I will go home far happier because of it."

I wanted dreadfully to ask her when she was going, but I hadn't the courage. Robert needed a new suit,

I wanted some things for myself also, and I was beginning to begrudge what I paid for her room and board. Then, too, in other ways she was an expense to us. For a woman of her age, she wanted to go out a great deal. Naturally one or both of us had to accompany her if she went any where in the evening. I insisted that it should be Robert, so was often alone during her visit—even more than before she came. For on the evenings we remained at home, he frequently made an excuse to stay out or to go out after dinner. I asked him no questions, and often he said nothing about where he had been. I was afraid to know, I think, too cowardly to face the knowledge that he had been with Marion Hevey. Tomorrow—Torn Between Jealousy and Sympathy

"I have 200 hens, including late pullets not old enough to lay, and had been getting 23 to 30 eggs a day. Then I tried Don Sung in the feed, and am now getting 107 to 114 eggs a day."

Mrs. Essie B. Ropp, R. R. 2, Littles, Ind.

Mrs. Ropp got this increase of 7 dozen eggs a day in 30 days a month, this being \$100 extra income a month. The Don Sung for her 200 hens cost her about \$2.50 per month. You can see how well it paid her, and we'll guarantee it will pay you. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying)

works directly on the egg-laying organs, and is also a splendid tonic.

It easily drives the hen more active in her work, and starts her laying earlier.

THE HOUSEWIFE—

Experiences of Ohio Women

Findlay, Ohio.—"My experience with Dr. Pierce's Favorite Prescription during pregnancy has been all that could be desired. I was so weak and sickly that I could scarcely do my own housework for months before my second child came, and I was nauseated all the time until I started to take 'Favorite Prescription.' The first bottle gave me so much comfort and strength that I decided to continue its use through the entire period. My baby weighed ten pounds and I had practically no suffering, was ill only a little over an hour. This was so entirely different from my first experience that I would never dare go thru pregnancy without the aid of 'Favorite Prescription'."—Mrs. OREAN RADABAUGH, 516 South St.

Bryan, Ohio.—"I consider Dr. Pierce's medicines of the very best. I have taken the 'Favorite Prescription' as a special tonic when I was run-down and it was excellent, giving perfect satisfaction. And during the time that my children were small I relied a great deal on Dr. Pierce's Common Sense Medical Adviser for advice when they would become sick, and it saved many spells of sickness in my family and doctor bills, too."—Mrs. HARRIET EASTERLY.

Conneaut, Ohio.—"I have the greatest faith in Dr. Pierce's remedies because I took the 'Favorite Prescription', and it was only a short while before I was feeling better and eventually I was cured of my trouble for I never had a recurrence of woman's weakness afterward. I have taken 'Favorite Prescription' since, whenever I have felt the need of a special tonic, and also the 'Pleasant Pills' when in need of a laxative, and not once have I been disappointed."—Mrs. PHEBE FARLIN, 401 Washington St.

Aunt Felicia had been rather "up-pish," as Robert expressed it, ever since our talk in which she told me I had made my bed and would have to lie in it, altho I never had allowed it to make any difference in my actions toward her. But I couldn't resist the temptation to "crow over her" a little, so I said:

"Robert and I have had a long talk. Aunt Felicia, and we have decided that it would be very unwise to try to keep house until he is doing better than he is now. He said until he could earn more he would rather I went right on at the shop."

YOUNG MAN, BUY A HOME.

Beginning January 17th, for one week there is to be observed National "Thrift Week," which carries a message that vitally concerns the happiness and prosperity of all of us. The dictionary definition of Thrift is frugality, economical management, increase of wealth. We take it for granted that this most particularly applies to those who need the advice, though at the same time we know that the extravagance of the wealthy has a very deleterious effect on the H. C. L. to the poor.

Why should the young man who wants to get ahead, be thrifty? For a thousand reasons. There is no need to speak of wealth as being desirable, for the common sense of a ten year old child seems to tell it that the rich are "looked up to." Hence we are all after the elusive dollar, want to lasso it, and corral it. For, don't we all want to be looked up to?

Now then, what better bit of practical advice can we give young married men for thrift week than to say to each one of them "buy a home." It seems right in line with this advice too, that we have come to the time in Xenia when it is almost impossible to find a house for rent, hence the tenantless family have to buy a home, to get a roof over their heads.

But this compelled performance is by no means one to be deplored, for in all probability it will turn out to be one of the best acts of life for the young man. Nothing like stimulating thrift for any man, than to commence providing a home of his own. There is something in the act which seems to make the blood run warmer, which says to the man "now you have something to live for—now you have laid the foundation for happiness."

Until a man owns his own home, he seems to be "a drifter," vibrating from pillar to post at the dictation of his landlord, and many times coming to the day when the pillars and posts seem all to have vanished. Dwelling houses have become so scarce since the world war, on account of the high prices of material and labor for building, that there is a literally almost "crying" demand for them everywhere, to the detriment of business.

Waste cannot be accurately described, for people have such different views of it. Economy on one hand, by which a certain income is made to maintain a family in comfort, while with another is dissipated in ways that count not for gentility. It is a subtle art, and not describable, by which one man wears out his coat so much sooner than another.

No man is rich whose expenditures exceed his income, and no one is poor whose income is greater than his out-goings. All human situations have their inconveniences, but the one who owns his own home has the satisfaction of knowing that no man can say to him "get out of here." And this gives a very comfortable feeling.

So no better desire can enter the mind of any young man, on this "Thrift Week," than the determination to buy a home as soon as possible.

QUITE INTERESTING TO "MI-LADY" OF WEALTH.

If all the diamonds mined in history and existing today are cut and polished gems were gathered from the ends of the earth, they would form a pile about as large as a wagon load of coal dumped on the sidewalk, says a Chicago statistical expert.

The pile would contain 46,355,474 carats and the gems would weigh 10½ tons. If the pile were in the form of a cone, it would have a base diameter of eight feet and a height of five feet.

Reckoning the diamonds at \$300 a carat, it would have a value of \$13,906,642.20. It would contain 710 1-3 gallons, worth \$39,023 a gallon.

All the world's diamonds could be packed in an ordinary clothes closet or a kitchen pantry. This estimate is based on an approximation of the total output of rough diamonds in the world's entire history.

India, it is estimated, has produced, all told, 50,000,000 carats; Brazil, 15,000,000; South Africa, 170,574,000; Borneo, 1,000,000; British Guiana, 50,000; Australia, 150,000; China, 200,000; Liberia, 500; United States, 500. This is a total rough output of 226,777,374 carats, or 55 3-5 tons avoirdupois.

Only about 50 per cent of rough diamonds are cut into gems and lose about 60 per cent of their weight in being cut and polished. Diamonds are virtually indestructible, and the first diamond ever mined may possibly still be in existence.

But the estimate allows for the loss of at least 1,000,000 carats by flood, fire, shipwreck and other disasters. These reductions and losses leave a total of cut and polished diamonds at 16,355,474 carats.

The estimate of \$300 a carat is the minimum price at which diamonds can be bought today. The popular demand for diamonds was never so great, and they have become the gem of working people as well as the wealthy classes.

They are worth three times as much now as before the war and sell at from \$300 to \$1000 a carat.

ANTIOCH TAKES TWO FROM WILMINGTON

The Wilmington College quintet took a bad drubbing from the Antioch five at Yellow Springs, Saturday night, when they were handed the short end of a 27 to 5 score.

The team from the Quaker town was unable to connect with the basket accurately and this proved to be their downfall. In the first half the Quakers were unsuccessful from both the field and the 15-foot line, with the result that a cipher appeared after their name on the score board. The Antioch team registered fifteen points in the opening period, although they also had a little difficulty in locating the net.

In the second half the Wilmington bunch came back stronger and played a better defensive game, holding their opponents to twelve points, while they scored five.

Corry was the main luminary of the game and he was in almost every play and led his team in scoring with six baskets.

For Wilmington Boring and Carr were the sparklers and this pair scored all of their teams points.

GIRLS DEFEAT OPPONENTS

The Antioch girls defeated the Wilmington girls by a score of 16 to 12 in a close and interesting game.

The game was hard fought from start to finish and until the final whistle was blown was in doubt.

Both teams fought on practically even terms in the initial half the score being 7-6 at its close. In the second half the Antioch sextette came back with a rush that netted them several points and what seemed a comfortable lead, but toward the end of the game Wilmington took a spurt that just fell a trifle short.

Misses Huston and Moore played consistent games for Antioch and it was their clever floor work that was largely responsible for their team's victory. Miss Dawson counted three baskets when her team needed them the most and Miss Taylor played well at guard.

Miss Grice was the star of the Wilmington six and she scored all of her team's points some of them being difficult and sensational shots.

O. S. & S. O. HOME WINS BASKET BALL GAME AT ARMORY

The O. S. & S. O. Home basketball team won its second game of the season in a hard fought contest on the Armory floor Saturday night, defeating the Dayton Sparks 22-21.

The Gem City club pushed the locals to the limit and the battle was fiercely fought. The contest was one of the best staged at the Armory this season and Major Campbell's lads were pressed hard to keep their slate clean.

The Sparks got away to the lead and at the end of the half were leading 17-13. In the second period the game quickened up and became rough. Field goals by Beck and Marsh put the Cadets in front of the scoring procession, but the visitors came back and were pressing the locals hard, when Beck tossed a pair of free shots, annexing the victory for his team.

PROMINENT MEN TO SPEAK BEFORE OHIO DAILIES ASS'N

Announcements have been received in Xenia of the program of the thirty-fifth annual meeting of the Associated Ohio Dailies. The mid-winter meeting will be held at the Neil house in Columbus, Tuesday and Wednesday, January 27 and 28. The evening of the first day there will be a social session and banquet at 6:30 o'clock at the Elks' Home on East Broad street. There will be three sessions.

Among the interesting discussions will be one on the news-print situation led by Roy Galvin of Lima; another on "The Missing Paper and the Advertising Agent," by Egbert H. Mack of the Sandusky Register; "The Legislature and the Law Affecting Newspapers." Hon. B. J. McKinney of Marietta; "One Newspaper Town," M. C. Spidel Piqua Call; "Newspaper Values--How to Estimate Them," J. A. Chew, Xenia Gazette; "The Mechanical Equipment in Relation to Labor," Guy Newark of Barnhart Brothers and Spindler, Chicago; "From the Medical Journal to the Real Newsman," George V. Sheridan Springfield Sun.

Governor Cox will also speak at the Wednesday morning session, his address being followed by a reception to the chief executive and the election of officers for the year.

WOUNDED SOLDIER APPLIES FOR AID TO LOCAL RED CROSS

Shell shocked, unable to speak, and emaciated from suffering, a man who gave his name as Edward L. Rike, and his home as Reading, Pa., applied for aid to Mrs. Lula C. Quisenberry, Red Cross Home Service, secretary in this city Saturday morning.

The man carried on all his communication by writing. He told Mrs. Quisenberry that he wanted aid in getting to Dayton, to obtain employment. Realizing that he was in no condition to work, and that he was mentally affected, Mrs. Quisenberry notified Attorney W. L. Miller and Captain Charles L. Darlington. It was decided that the sufferer should be placed in the National Military Home at Dayton until some information concerning him could be obtained. Deputy Sheriff Birne and Police Officer Graham took him to the Home Saturday afternoon. Word was received from the institution later that he had made his escape.

Mrs. Quisenberry had not received early Monday morning any answer to a telegram which she sent to Mrs. Anna Rike, 3342 Penn Avenue, Reading, Pa., which the man gave as his mother and her address. Efforts were also being made to establish the identity of the man through the Pennsylvania Red Cross.

The appearance of Rike and his clothing indicated refinement and a good family connection. He wore a silk lined overcoat. Mrs. Quisenberry believes that he may have come from Denver, as he grew excited when she mentioned to him that he should be receiving treatment in the Denver district.

The man was about 5 feet ten inches tall, had black hair, gray blue eyes, and was very emaciated. He was between 25 and 28 years of age. He said he had been shell shocked in the Argonne.

We have many reports showing that the effects received from taking Dreco are permanent, and that it does not just boost you up while you are taking it. Dreco accomplishes its work by acting on the vital organs to restore them to healthy action, therefore the good you get from Dreco stays with you.

"I have just moved to Columbus from Clarksburg, W. Va.," stated Mr. Thomas Rolands, in Mykrantz Drug Store, a few days ago, and seeing Dreco on sale here, came in to report my experience with it. Over two years ago I took Dreco for a bad case of stomach trouble. I was almost past going when I started to take it. All my food disagreed with me, causing severe pains, belching acid, rising gastritis and I was badly constipated. Dreco acted very quickly for me and relieved all of these troubles. In all of these two years I have not been troubled again, which shows that Dreco gave me complete and permanent relief."

Being a natural herb medicine, Dreco acts in a natural manner by restoring the organs to healthy action and not by exciting them and forcing action. This makes permanent results. Dreco rouses a sluggish liver to full action, strengthens the kidneys, aids the stomach in carrying its load overcomes constipation, increases the appetite and induces sound sleep. Dreco is a vegetable remedy, made from roots, herbs, barks and berries.

All good druggists now sell Dreco and it is highly recommended in Xenia and Sohn's Drug store.

RHEUMATIC SUFFERER GIVES THE TITLE TO NERVE-WORTH AFTER TESTING THIS FAMOUS FAMILY TONIC.

Nerv-Worth has done a wonderful work for debilitated soldiers at the national homes and many of them are so grateful that they want fellow sufferers to learn of their happy experience. Mr. Kraft is one of these and this is what he says and consents to have published:

"I have been in bad rheumatic condition for 15 years. Used two crutches most of the time and one all the time. Was also extremely nervous and could not get restful sleep. Tossed about the bed all night and was tired and worn out in the morning. My hands trembled so that it was difficult to hold anything.

"I saw Nerv-Worth advertised and purchased a bottle and took it as directed and am glad to say it did the work. My nervousness is gone and I can now sleep soundly all night through.

RHEUMATIC PAINS HAVE LEFT ME and I can now walk about without my crutch and am gaining strength daily. Nerv-Worth is the greatest remedy I have ever used or known of and is certainly the old man's friend." I shall always keep it on hand."
